12 PAGES—HONOLULU, TERRITORY OF HAWAII, MONDAY, JAN. 12, 1914.—12 PAGES

PRICE FIVE CENTS

MEMBER OF "MACOMB BOARD" WILL ARRIVE IN HONOLULU TOMORROW

COL. MORRISON TO STUDY DEFENSE ON THIS ISLAND

Army Officer with Wide Experience Will Spend Some Time Here—Comes in Transport Logan

That plans for the defenses of Oahu will still be subject to revision and extension and that the Macomb board appointed a year and a half ago to formulate a scheme "to make Oahu impregnable," may still have work to do, is indicated by the fact that Lieutenant-colonel John F. Morrison, a member of that board, has been ordered back here, and will arrive on the transport Logan, due tomorrow.

It was stated at department headquarters this morning that Col. Morrison was coming "as a member of the Macomb board," but the length of his stay, or the nature of the work that will be done, was not given out.

The Macomb board was appointed in June, 1912, and consisted of Brigadier-general M. M. Macomb, then commanding the department of Hawaii, Lieutenant-colonel J. F. Morrison, infantry, and Major George Blakely, C. A. C. For a month these three officers investigated the tactical situation on Oahu, thoroughly exploring every part of the island, and on their long and comprehensive report the strength and disposition of the garrison was finally determined.

Colonel Morrison is one of the "brainy" men of the army, and has served on a number of important boards. He was one of the observers with the provisional regiment that tried out new arrangements of infantry commands during a long practice march through the Middle West in the summer of 1912, and was the senior member of the board that prepared the infantry drill regulations now in force. At present he is lieutenant-colonel of the 21st infantry, with station at Vancouver Barracks, Wash.

Major Blakely is now on duty in the office of the chief of staff in Washington.

KAUAI CONTRIBUTES TOWARDS CARNIVAL, HAWAII TO COME IN

Shares of stock in the Mid-Pacific Carnival, Limited, to the number of 271 were sold on Kaula January 7, according to a report received this morning from E. E. Mahlum, who was in charge of the campaign on the Garden Island. Accompanying the report and receipt stubs was a cash remittance of \$78.30, comprising the 10 per cent payment on all shares.

The annual meeting of the Hilo Board of Trade will be held tomorrow, following which the local committee expects to receive a report from G. H. Viersa, who was in charge of the campaign on the Big Island. W. C. Aiken, who handled the work on Maui, will probably forward his report tomorrow.

SECOND PUBLIC DANCE AT KAPIOLANI TUESDAY

With a full moon to help things along, and the Hawaiian band in full blast on the job, the second public dance, given under the auspices of Mayor J. J. Fern and the board of Supervisors, will take place tomorrow evening at the Kapiolani park bathhouse, repaired and put in order for such occasions.

The dance promises, with considerable weather, to be the success the former achieved. A few little changes have been made in the structure in the last few days to give more room for two-stepping, waiting and surreptitious ragging.

The members of Honolulu Lodge 408, F. and A. M., will meet in the Masonic temple at 7:30 o'clock this evening.

MARIE'S PLEA FOR RAIMENT FAILED TO TOUCH ERASTUS

When Marie Sanchez, a petite maid from the Philippine islands, met Erastus Johnson last Saturday night and following a brief recital of a touching little tale of misfortune, prevailed upon the platonist Erastus to contribute a sum sufficient to purchase a ready-made gown, she started something that finally came to a halt with the open doors of the police station

To right, Major George Blakely to left, Lieut.-Col. J. F. Morrison, members of the Macomb board "to make Oahu impregnable." Col. Morrison is expected to arrive on the transport Logan tomorrow.

MAYOR J. J. FERN WILL DECIDE UPON COMMISSIONERS IN FEW DAYS?

Hard to Get Good Men to Serve Says His Honor—Changes Opinion on Civil Service

Mayor J. J. Fern will decide upon the men to be appointed on the civil service commission within a few days. Once more he is looking around for suitable persons for the places, and this time he is out for businessmen.

YOUNG WOMAN TELLS PITIABLE TALE TO THAYER

Glory Paris, 19 Years of Age, Mother of Four Babies, Is Left Destitute

SAYS HUSBAND IN JAIL ON CHARGES NOT CORRECT

Parents Cast Her Off on Account of Her Marriage, Says Girl to Attorney-Gen.

Only a girl-mother, 19 years of age, yet burdened with the care of four small children and with the prospect of still further motherhood in the very near future; cast off by her parents because the husband of her choice was not their choice also; the husband sent to prison on what she declares is a false charge, leaving the little girl to eke out a wretched living among strangers in Honolulu—this is the story of Glory Paris, a Portuguese girl recently from Kauai, told to Attorney-general Thayer this morning.

Bowed down by her grief and the terrible weight that life has set upon her weak shoulders, the girl-wife's pitiful tale won the attorney-general's sympathy and he has resolved to make an immediate investigation of the affair. Whether her steadfast faith in the man she picked against her family's wishes shall be sustained when all the facts are gleaned is only one phase of the situation, however.

That she is needing help, both financial and moral, in her fight against the great odds life has set against her, the attorney-general is convinced, and he expressed the hope today that the Associated Charities will investigate the case at once. The matter will be placed before that organization as soon as possible.

Meantime Mr. Thayer will take up with Circuit Judge L. A. Dickey of Kauai the case of the husband, who was sent to Honolulu two months ago to serve a sentence of not less than two nor more than ten years at Oahu prison on a charge of first degree larceny.

Glory Paris could not have been more than 14 years of age when the first child was born to her. The youngster is now five years old. John Paris, the husband, who is half Indian and half Spanish, always treated her kindly and kept her as well as he could on the wages he received—on Kauai as cowboy, she says, and she even managed to save a little fund against the "rainy day" now oppressing her.

When she announced her marriage to the members of her family they cast her out and would have nothing more to do with her. Despite this cloud over her early happiness the couple lived comfortably enough until a few months ago, when she says, John Paris bought a horse from a Japanese. Her story is that when Senator Charles A. Rice identified the animal as one stolen from his plantation, Paris was arrested and convicted because he could not produce a bill of sale nor find the Japanese from whom he had purchased it. Paris was then

JUDGESHIPS TO BE FIRST ON LIST—PINKHAM

Finances Will Take Second Place to Bench in Matter of Appointments, He Says

"The matter of judgeships will receive my first attention—I believe that is the most urgent matter; after that will come finances," said Governor Pinkham today.

"While I do not make the appointments of the judges I am expected to make suggestions. I expect to take this up at once."

Already endorsements of candidates for the five or six circuit benches which must be filled have gone forward to the president from the Bar Association of Hawaii, but action has been withheld at Washington and it has been generally accepted that the suggestion of the new governor will be required to set the necessary wheels in motion, resulting in appointments. Practically all the candidates, including aspirants unendorsed by the Bar Association, have called on the governor and it is known that some of them already have set forth their claims to him.

He had nothing to say today as to what recommendations he would make to the president.

He has stated that he does not think a special session of the legislature will be required to dispose of the financial affairs now confronting the territory. His principal consideration in connection with this subject probably will be the question whether it is necessary or advisable to float another bond issue in the very near future.

TRAFFIC BILL IS READY FOR CITY FATHERS' MEETING

New Traffic Law Would Reduce Limit of 25 Miles an Hour Travel for Vehicles

PUBLIC INVITED TO DISCUSSION OF MEASURE

Annual Registration of Vehicles Is Deemed Proper by Board

Honolulu's new traffic ordinance is in its final shape for consideration at the public hearing Wednesday evening. If no alterations are made in it, the measure will be introduced before the board of supervisors as it now reads. The public hearing will be held at 7:30 o'clock in the chambers of the city fathers.

There are really three separate and independent new ordinances relating to vehicles, but the longest and what is regarded as the most important is the one on traffic. One of the other two has to do with registration of machines, making it necessary for an annual registration, and in other ways more closely identifying the owner with his automobile. The other extends the 15-miles-an-hour speed limit, making it bounded by Kapiolani street on the west, Palama bridge on the east, thence to Asylum road, thence along School street to Luau street to Alahe. Outside of this district the rate is fixed at 25 miles an hour.

The traffic ordinance begins with the rules of the road. These rules apply differently to light and heavy vehicles. It proceeds with regulations governing machines meeting, passing street cars, signalling, limiting and regulating use of trucks on streets, making it unlawful to leave a vehicle unattended in the congested district more than 10 minutes, etc.

P. L. Weaver, first deputy city and county attorney, author of the measure, has spent a great deal of time on it and made an exhaustive study of regulations governing traffic in other cities. It covers more than 40 sections.

Taking it up in its order, one of the first sections says that every driver has the right of way over another driver approaching from left. It adds to the rule already in force a few limitations. The new section requires the overtaken vehicle to give way to extreme right as soon as practical on a signal given. In some cases, where necessary, the overtaken vehicle shall stop. The overtaken vehicle is not to pass nearer than two feet of the vehicle passed.

In cases where street cars are overtaken, the vehicle shall pass on right of such car, except in cases where there is not enough space between car and curb. It is not to pass nearer than two feet of curb. Another section creates a rule applying where the street car has stopped to let on or off passengers. This is the rule: "Every person operating or driving a motor vehicle or other such vehicle, any bicycle or other vehicle or riding any animal, shall not approach nearer than eight feet from the running board of lowest step of any street car which has stopped for the purpose of taking on or discharging passengers."

The speed limit in such cases is set at eight miles an hour.

Old section 11 of ordinance 11 with regard to stopping at curb is amended to provide that no vehicle shall stop with wheels closer than six inches from curb. All the traffic rules are made subject to directions of police

MONEY NOT COUNTED; NONE ON HAND—MC CARTHY

Following the account in the Star-Bulletin of Saturday on the report of the territorial grand jury, reasons were given this morning why the committee of officials had not counted quarterly the funds in the hands of the city and county treasurer. The grand jury, in taking this matter up, stated that though the law required the auditor, city and county attorney and mayor to make a count of the money in the treasury every four months, no such count had been made for a year.

"I am told," stated Charles J. McCarthy, city and county treasurer, today, "that the reason this count was not made was because I did not have any money in my hands to count at the times designated."

"When I first took office last January the committee called and counted the money. But since then they have not been here. I kept thinking that they would come, and from time to time thought I would suggest it to them. Though no particular harm has been done, as far as I know, as the statute requiring the quarterly count is on the books it should be made."

JAPANESE VOLCANO ERUPTS, BURYING TWO VILLAGES; NO DETAILS AS TO LIVES LOST

Meager News Reaches Tokio of Earthquakes That Frighten People of Kagoshima — Volcanic Sakura Sends Forth a Great Deal of Lava and Ashes

[Associated Press Cable]
TOKIO, Japan, Jan. 12.—A long series of slight earthquakes totaling 350 within a comparatively short time, has terrorized the town of Kagoshima. The volcano of Sakura suddenly burst into activity today, the eruption burying two villages. The loss of life is unknown. No details as to the eruption have been reported. Communication is difficult.

South Africa Shaken With Strife; Martial Law Ordered

KIMBERLEY, Orange Free State, Jan. 12.—A desperate attempt last night to dynamite the bridge leading from the city and cut off communication with northern cities failed. The approaches to the bridge were badly damaged, but the bridge stood.

PRETORIA, Transvaal, Jan. 12.—Stringent martial law has been proclaimed, to become effective tomorrow, on account of the disorderly conditions existing here and elsewhere in South Africa.

O'Shaughnessy Safe; Villa to Invade South With 10,000

MEXICO CITY, Mex., Jan. 12.—Nelson O'Shaughnessy, charge d'affaires at Mexico City and diplomatic representative in the absence of an ambassador, arrived here safely today. His detention between here and Vera Cruz, which caused some uneasiness, was due to a mutiny among the federal soldiers, who looted and burned a freight train and fled into the mountains. Traffic on the road was interrupted for some hours.

PRESIDIO, Tex., Jan. 12.—The rebel forces under General Pancho Villa, commander of the constitutionalist soldiers, now control the entire north of Mexico and from southern states comes news of several insurrections in sympathy with the constitutionalists.

General Villa plans to invade the south and press toward Mexico City. He expresses no doubt of his ability to reach the capital within a few weeks. He will go at the head of 10,000 men.

Central Europe Suffering From Hard Winter And Want

PARIS, France, Jan. 12.—All of Central Europe is suffering under the severest winter in the history of this generation and in some districts the severest ever experienced, so far as the records go.

Already 150 deaths due to cold and hardship have been officially reported in Russia. Added to this there are tales of wolves, maddened by hunger, attacking and devouring peasants in remote and little-settled sections and lonely villages.

Numerous lakes and rivers are flooded and many railroads blocked. Enormous damage has been done not only to homes, but to bridges, docks, railway embankments, dikes and dams. Thousands of people in Belgium are homeless because of the high waters.

"Mother" Jones Center of Strike

TRINIDAD, Colo., Jan. 12.—"Mother" Jones, friend and counselor of the miners throughout the west and a supporter of the Colorado strikers, returned here secretly last night. She had been ordered away by the authorities and was said to have gone to Denver. The aged woman, who is idolized by the miners, was rearrested this morning and is being held incommunicado. The strikers are making threats to use violence if necessary in order to free her.

Alienist Thinks Thaw Dangerous

NEW YORK, N. Y., Jan. 12.—Austin Flint, the noted alienist, said today in a statement that life is unsafe if Harry K. Thaw is given his unrestricted freedom. He declares that the young Pittsburgher has homicidal tendencies of a chronic character.

Roger O'Mara, the family agent, believes that Thaw will enter business in Pittsburgh if he is allowed to choose his future.

U.S. Will Hold Mexican Refugees

WASHINGTON, D. C., Jan. 12.—Secretary of War Garrison has ordered that all the Mexican federal soldiers who have crossed to the American side be transferred to Fort Bliss, Texas, and held there interned indefinitely. The women and children may accompany them if they so desire.

GOVERNMENT BULLETIN INCLUDES FIGURES ON HAWAIIAN SUGAR CROP

By C. S. ALBERT.
[Special Star-Bulletin Correspondence]

WASHINGTON, D. C., Dec. 30.—Some recent figures on sugar production in Hawaii have been published by the department of agriculture. These accompanied data covering the entire mainland, based on estimates prepared by department agents.

The purpose of the publication was to show the "real meaning of the total value of recent crops." It was the first time that such an analysis had been made.

A neat little pamphlet was issued on the subject, entitled "The Agricultural Outlook."

The paragraph relating to Hawaii follows:
FARMERS' BULLETIN 570.
Hawaiian Sugar and Cane Production. Although Hawaii is outside of the Table 7—Preliminary returns of the Hawaiian cane sugar campaign ending September 30, 1913, and comparison with two preceding years:

territory covered by the agricultural estimates usually made by the bureau of statistics (agricultural forecasts), information recently received from the Hawaiian sugar factories is here inserted as pertinent to the general subject of cane and sugar production (table 7).

The Hawaiian cane-sugar production for the year ending September 30, 1913, amounts to 55,090 short tons, the lowest since 1909-10, when 517,690 short tons were produced. The crops of 1910-11 was 566,821 tons, and the succeeding crops are shown below.

In 1912-13, the average yield of sugar per ton of cane was 244 pounds, and the cane itself averaged 39 tons per acre. Of the four islands represented in these returns, Hawaii produced 197,090 tons of sugar; Kauai, 105,000; Maui, 125,000; and Oahu, 124,000 tons.
